Best Practice Network

NPQs from Best Practice Network

The National Professional Qualifications (NPQs) are a suite of DfE-accredited qualifications for school leaders, designed to support professional development.

The three Specialist NPQs in this brochure are for teachers and leaders who want to develop their knowledge and skills in specialist areas of school practice.

Best Practice Network's unique approach to NPQ delivery means participants access individualised training based on areas they have identified as needing improvement. Our cyclical programme structure utilises Face-to-Face training, online learning and 1:1 coaching to deliver a comprehensive learning experience that fits around busy teacher timetables.

NPQ Programme Structure

We offer NPQs with...

Flexible training

The qualifications are designed to be flexible to fit with your busy working role. Training is delivered in bite-sized chunks, and you can learn at a time and pace that suits you.

On average you will need to spend between 1 and 2 hours per week working towards completing this NPQ. Where possible, you should do this during dedicated career development time in school hours.

Positive change

You will be encouraged to apply and translate what you've learned to your own school context. Your training provider will give you models and examples that will help you translate theory into practical skills you can use in your setting.

Face-to-Face Events

Take advantage of training alongside a diverse group of fellow educators with lots of different perspectives. You will learn from each other's experiences and be able to bounce ideas off each other during group sessions and collaborative practical tasks.

Individualised training

You will be able to focus on specific areas of leadership where you want to improve your knowledge. This will help you make evidence-informed decisions and action positive change.

Coaching

You will benefit from personalised feedback and performance coaching from an experienced professional.

Funding

Funding is available for teachers and leaders who work in the most challenging schools or educational settings. Scholarships will be available to teachers and leaders from:

- The 50% of schools with the highest proportion of students who attract pupil premium funding
- 16 to 19 educational settings identified as having high disadvantage
- Schools eligible for targeted regional improvement for standards and excellence (RISE) intervention

Scholarships will continue to be available through Best Practice Network to all teachers and leaders from publicly funded schools and 16 to 19 educational organisations for the following:

- NPQ for Senior Leadership
- NPQ for SENCOs
- NPQ for Headship
- EHCO (Early Headship Coaching Offer)

National Qualifications Locally Delivered

Thanks to our extensive NPQ Delivery Partner Network (see map), over 30,000 teachers and leaders have been able to engage with our NPQs in local schools and venues across England.

We draw from the local expertise of our partners to both develop and deliver the NPQs. This close relationship with local experts ensures we can deliver qualifications contextualised to local conditions.

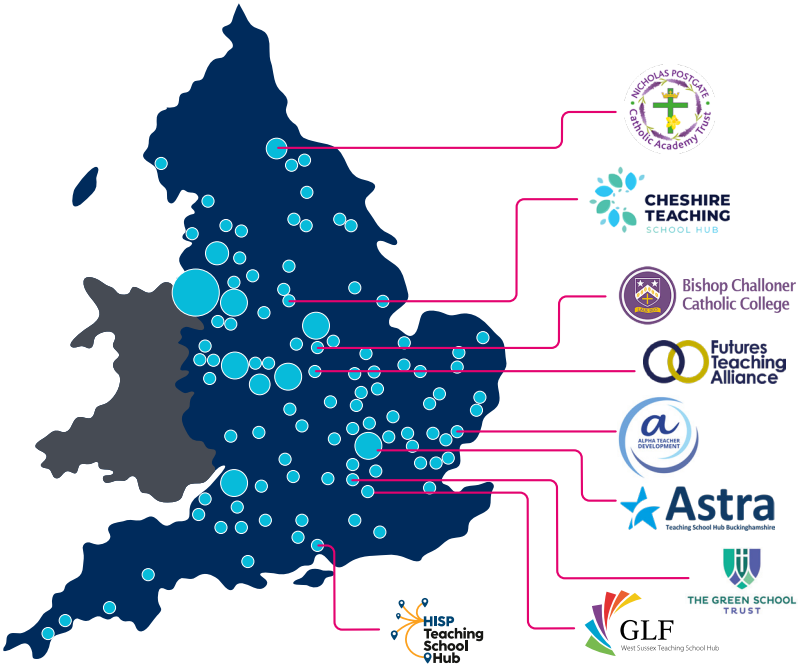

With hundreds of NPQ groups now running across England, your nearest NPQ group is just around the corner.

Chris Ludlow, Partnerships Director

Chris is responsible for managing our Delivery Partner Network and works closely with partners on all aspects of programme delivery.

If your school group would like to become an NPQ delivery partner please contact Chris at **partnerships@bestpracticenet.co.uk**
